**ORDINANCE ON
CURFEW LAW IS
GIVEN READING****City Commission Takes Step
Toward Adopting Redraft
of Old Ordinance****MANY QUESTIONS ARE UP****Commission Hears Complaints,
Discusses Poor and Turns
Down Paving**

The city commission last night gave first reading to a new curfew ordinance. The ordinance was introduced by Commissioner C. V. Henzler in the form of a redraft of an old ordinance long in disuse.

The modern ordinance provides that all youths of less than 16 years of age shall not have the privilege of roaming the streets after 9 p. m. during the months from September to April inclusive and after 10 p. m. from May to August inclusive.

Many women in the city have asked for a curfew ordinance. Sometime ago a delegation appeared before the commission. There was some little discussion last night as to whether the curfew bell's tolling should be at 9 or 10 o'clock during the summer months, but it was decided that to have the bell ring at 9 o'clock would disturb the youths during the first show of the movies.

Miss Ruth Kolling, who has taken charge of the work of dispensing poor relief in the city, talked in favor of a curfew ordinance and also made a long report upon her work. Miss Kolling urged close supervision of public dance halls, which now are under state license and regulation entirely.

Informed of Her Work

The commissioners were informed of work being done in the city by welfare agencies assisted by many women of the city and the physicians. It had been found, Miss Kolling said, that there are many children retarded from defects which have retarded them in their school work. Removal of tonsils, adenoids and other minor operations have aided some children remarkably, she said. The physicians and surgeons of the city were praised for their free medical assistance in these cases, and Miss Kolling asked aid of the city in providing for necessary expenses in such cases for medicine, etc. The commission told her to go ahead and use her best judgment in the matter of dispensing aid in such cases.

Miss Kolling reported a lack of medium-priced houses for rental in the city, and said that she had found one family of mother, father and six children housed in a tent on the outskirts of the city. She suggested the commission keep housing conditions in mind, said she would be glad if the commission would point out things they might see which might need remedies, and that she would be glad to follow up the work. It was the sense of the commission that any such conditions that come within their purview be pointed out to Miss Kolling for action.

Patterson's Letter
One of the first matters before the commission was a letter from E. G. Patterson complaining of the city's refusal to permit him to move a building within the fire limits and also to the effect that a city commissioner had spoken to him in regard to a small building moved from the rear of the Patterson hall building. The building, he said, was moved there temporarily for a tool and store house while work was being done on the McKenzie and some other property.

"I can only come to the conclusion that it makes a difference with your board whether I am asking a favor or some other citizen is asking one," taking it without asking," Patterson said, referring to the request to move the building permanently to a lot facing Main street. "There has been in the comparative recent time many structures placed within the fire limits that do not comply to the ordinance (as my structure would have done) and no protest made. I can mention a few. A wooden structure back of the McGowan building on Fifth street, a wooden structure back of Homan's bakery, a brick veneered structure west of the Soo hotel, facing Fourth street, the structure known as the Minute Lunch, the Finch Lumber company buildings, wooden structure back of the Armory, controlled by E. A. Hughes, an old barn veneered on the rear of the Hughes building on the west side of Fifth street north of the Soo hotel; tool house now on corner of Fifth and Main streets, and there would be others mentioned similar in the fire limits, all placed there since the ordinance was in effect and not one would be better than my building would have been after same was completed."

He declared that some buildings were moved without permission or pavement cut, saying "a striking example of this where some men do as they please and others can do nothing is shown by the Hughes Electric company, who tear up pavement and sidewalk and place poles wherever it may choose, not asking permission."

Concluding Remark
He concluded with the remark that "I want to call the fact to your attention that a square deal for all means all except Yours Truly."

The commission gave permission to permit the tool house temporarily in the rear of the Patterson hall building. It did not discuss the remainder of the letter.

Bids were received for street sprinkling. They were: For furnishing one man and team, Washburn Transfer company, \$100 per month; C. E. Webster and Sons, \$100 per month; Herman A. Brecht, \$110 per month; Joe Katz, \$115 per month. Katz was given the contract.

\$100 REWARD
The Bismarck Town Criers, carrying out their search of the city for chronic knockers, who are said to be knocking the Elks Minstrels during the "Know Bismarck Week," today offered \$100 reward for the arch conspirators as they pursued their quest of the quarry.

They also announced that the person who runs down the "criminal" will be given the opportunity of settling the match that will burn the knocker at the stake.

Concerning their efforts upon the capture of the "knocker" of the "Knocker's Gang," which is said to be following its usual tactics of knocking everything that is boosting something, the Bismarck Town Criers offered a reward for the capture of the arch conspirator.

Members of the club, making an active search picked up a hot trail today. It was divulged by the Vigilance Committee, and they hope to capture the conspirator. If they do, he will be exhibited in a downtown store window in a steel cage and will be taken out and given a public burning one night this week, they announced.

The help of all citizens in running down the "Knocker's Gang" is asked.

INTO MANY PHASES OF CITY LIFE;
SCHOOL ESSAY WINNERS ANNOUNCED**

"Know Bismarck Week" of the Bismarck Town Criers reached out into many phases of the city life today. For example, the speakers at the theaters of the city last night gave talks upon the purpose of the Town Criers to lay before every citizen what the city has to offer and to seek co-operation of all citizens and organizations in future betterment.

Essays submitted by the students of the Junior High School were judged by representatives of the Town Criers and announcements of the prize winners were made as follows: First prize, Ernest Bonwarden; second prize, Veda Livdahl; third prize, Nellie Parke.

Chairs in downtown store windows boldly challenged passers-by with a "Know Bismarck" and a special window display attracted much attention.

Lodges and other organizations meeting this afternoon and tonight, and on other days this week, are to devote a period to discussion of the city.

Winners of Contest
The town criers' speakers at the theaters last night were H. P. Goddard, E. J. Cox and E. K. McElroy, who responded to the call of the Town Criers. J. L. Bell will address the students of the high school Friday afternoon at 3 o'clock. The four-minute speakers will reappear in the theaters Thursday night.

**WHEN DID WAR
END, QUESTION
BEFORE COURT****Supreme Court Judges Reach
Decision in Case Involving
Soldier****ARMISTICE LEGAL END****Date Moratorium Act Expira-
tion from Signing of
Armistice**

Justices of the state supreme court have been wrestling with the question: "When did the war with Germany end?"

The question, involving the state moratorium act, was brought before the court in the case of Herman Olson against the Gowen Lanning-Brown company, in which the plaintiff, a soldier in the World War, sought to set aside a sheriff's deed by virtue of protection of the state and federal moratorium acts. The defendant appealed from a decision of Judge Cole in overruling a demurrer in the case, which came up from Eddy county. The district judge is reversed and the defendant's position upheld.

The supreme court justices agree that the federal moratorium act is not applicable, since the action which was begun in October, 1920, was started at too late a date. It was the end of the war Justice Brown, in his syllabus, says:

"That, upon construction, the provisions of the State Moratorium Act (Ch. 10 Spec. Sess. Laws 1918), granting privileges to a soldier during the time the United States is engaged in war for an additional period of one year, refers, pursuant to the purpose of the act, to the actual engagement of the United States in the war and not such engagement terminated on Armistice Day, Nov. 11, 1918."

Arnold Says Robinson.
Justice Birdzell concurs but Justice Robinson says: "I have formerly held and do still hold, that the State Moratorium act is void for the reason that it impairs the obligation of contracts and for the reason that the subject is governed by an act of Congress which supercedes and excludes any legislation on the subject by the state."

Justice Christianson, concurring specially, says that the term used in the legislature "during the time the United States is engaged in the present war" is not clear.

Legislature Not Clear.
"Manifestly, the time the United States is engaged in the present war would terminate upon the happening of one of two events: namely, the signing of the armistice and the cessation of actual warfare, or the ratification of the treaty of peace, or a declaration of a state of peace by the federal government," says Justice Christianson. "Which one of those two events did the lawmakers intend should constitute the termination of the period defined in the Moratorium Act as the time the United States is engaged in the present war?"

Pursuing the intent of the legislature Justice Christianson verifies the act passed by the legislature last winter designed to place a limit on the Moratorium act. In one section, he said, the statute declares the war is terminated and in another section it declares the war terminated Nov. 11, 1921. The act was changed during passage, causing the conflicting statements in it. Justice Christianson concludes that the position of Justice Birdzell is the most logical solution of the matter of intent of the law makers.

Justice Grace concurred in the result but criticized the complaint for lack of definiteness.

"The people of North Dakota are carrying out a great experiment in industrial democracy and if they succeed in the work which they have thus far carried on so successfully in the face of many daunting difficulties their example is certain to be followed by the sovereign people of common wealths, who are groaning under the oppression of the same industrial despot."

London, May 3.—(By the Associated Press.)—The allied supreme council today decided to take no naval action against Germany without consulting the United States.

This was agreed after a rather full discussion of the council members with Admiral Beatty of England and Admiral Grasset, of France, regarding plans for naval pressure upon Germany.

Occupation of the Ruhr coal basin in the event such action should become necessary was considered by the council with the military representatives of the allies.

Four Plans.
Four suggestions were examined by the council this morning, namely, blockade of the German ports; a partial blockade; a demonstration without a blockade and seizure of the customs receipts in German ports.

British, French, Italian and Belgian ministers were agreed that American susceptibilities must be carefully considered.

Would Please U. S.
Unofficial copies of the American note of Monday to Germany were circulated among the ministers and it was wholly approved.

The representatives of the four governments are agreed that the United States must be invited to send a representative to the supreme council, the council of ambassadors meeting regularly in Paris and the reparations commission. It has been thought not to urge the Washington government to enter these bodies until after May 12, when the result of the present decision of the supreme council have been seen.

HUGHES ANSWERS.

Washington, May 3.—The German reparations counter proposals are unacceptable as a basis for discussion, Secretary Hughes informed Dr. Simons, the German foreign minister, in a note last night. The secretary at the same time urged the German government to make further proposals directly to the Allied governments. He also expressed again the earnest desire of the American government for a prompt settlement of "this vital question."

The text of Secretary Hughes' communication, which was dispatched to Loring Dresel, the American high commissioner in Berlin, follows:

"The government of the United States has received the memorandum left by Dr. Simons with the communication of the United States under date of April 24, relating to reparations. In reply this government states that it finds itself unable to reach the conclusion that the proposals afford a basis for discussion acceptable to the Allied governments and that these proposals cannot be accepted. The government therefore, again expressing its earnest desire for a prompt settlement of this vital question, strongly urge the German government at once to make directly to the Allied governments, clear, definite and adequate proposals which would in all respects meet its just obligations."

The communication was made public by the secretary without comment.

ALLIES SET AMOUNT.
London, May 3.—The supreme council reached a substantial agreement on the terms to be imposed on Germany. In principle, it is agreed that Germany is under obligation to pay the Allies 6,000,000,000 pounds of sterling. She will be required to pay 100,000,000 pounds yearly, plus 25 per cent on her exports.

This obligation on the part of Germany shall be acknowledged by the issue by Germany of bonds bearing five per cent interest. These terms will be incorporated in an ultimatum which expires on May 12.

BURIAL GROUND HERE OBTAINED BY THE LEGION

One Soldier, Whose Relatives
Are in Old Country, is
Buried There

An American Legion burial ground
in Fairview cemetery has been ob-
tained by the Lloyd Spetz post of the
American Legion.

An American Legion marker—a
bronze shield with place for a flag, has
reached the city and will be placed
in the cemetery. Army headstones
also are to be obtained to mark the
graves of former service men buried
in the plot.

The Legion post decided to secure
the piece of ground in the cemetery
after a former service man died in
Bismarck and no relatives or close
friends could be found. He was Emil
Erickson, who formerly worked on a
farm near Huff. The Legion buried
him with military honors last fall and
since has endeavored to get in touch
with his relatives.

Erickson's parents live in Scandi-
navia, in one of the most northern
settlements. Mail reaches the settle-
ment about once every six months
and cables reach there no sooner. The
Legion post has sent a letter to the
parents but it is not known whether
the letter has reached the parents yet.
A gold watch which belonged to the
former soldier is held by the Legion
until the parents ask disposition of it.

The American Legion plot will be
decorated on Memorial Day and ser-
vices probably will be held there.

NEW FEDERAL JUDGE WOULD BE APPOINTED

McCumber Introduces Bill in
Congress Providing For
Aid to Amidon

Senator Porter J. McCumber is au-
thor of a bill pending in the national
congress to provide for the appoint-
ment of an additional federal judge
in North Dakota, to serve with Fed-
eral Judge Amidon until the latter's
retirement.

The bill passed the senate but must
also pass the house to become a law.
Under the provisions of the measure
there would be no new district cre-
ated, but simply that another judge
would assist in transacting the fed-
eral court business until the retire-
ment of Judge Amidon. Presumably
the new judge would hold court at
Fargo, Bismarck and Minot as at
present.

The new federal judge would become
the only federal district judge in the
state upon retirement of Judge Am-
idon.

Among the attorneys mentioned as
possible appointees are Andrew Miller
of Bismarck, and Francis Murphy of
Minot.

pressed great surprise at the number of

hits of the show is Jack Taylor in
his rendition of "Nobody to Love." Jack
has his own original way of

gets started all the others had bet-

DEFEND PASTOR; INTIMIDATION IS CHARGE MADE

New Salem Young Men to Ap-
pear in Justice of Peace
Court

Whether or not three young men
threatened with bodily harm three
other young men of New Salem, who
defended the pastor of their church,
may be decided in Justice of the Peace
Court's court in Mandan, May 5.

Ray Henry, Alex Scholte and Otto
Geiser are charged with threatening
to commit an offense against the per-
sons of three other young men.

L. H. Connolly, Morton county
states attorney, to whom the case was
reported, has heard many rumors and
reports concerning the affair, many
of which are given no credence.

It was reported that the Rev. Mr.
Hubbard, pastor of the Church of the
Burning Bush, a religious sect found-
ed in Wisconsin, had been tarred and
feathered, but the states attorney said
this was not true. Whether or not
the young men threatened to kill the
other young men also is not known.

The three young men accused deny
the charges, and are at liberty under
bond of \$500.

Do You Know

DO YOU KNOW—Kelly-Springfield tires advanced only 12 per cent during the war when other tire manufacturers advanced their prices beyond all reasonable bounds.

DO YOU KNOW—Kelly-Springfield tires were reduced to pre-war prices on November 1st, 1920.

DO YOU KNOW—Loubeks have the largest and most complete stock of "KELLYS" in the state.

DO YOU KNOW—Other tire makers have just, within the last week, reduced their prices to a pre-war basis when WE DID IT LAST FALL.

DO YOU KNOW—We will "GO THEM ONE BETTER" and to reduce our stock, will give the trade a special discount of 20 per cent for a limited time only or until we have reduced our stock by \$5,000.00.

DO YOU KNOW—This is THE RIGHT TIME to buy "KELLYS," the much superior tire, at prices comparable to those charged for ordinary makes.

DO YOU KNOW—"KELLYS" are generally considered the best on the market by THOSE WHO KNOW tires.

DO YOU KNOW—It is a common occurrence for "KELLYS" to give their owners upward of 15,000 miles for "honest to goodness" service and mileage of 20,000 and upward have actually been made of "KELLYS."

DO YOU KNOW—It is not good business to buy inferior tires when you can buy "KELLYS" at practically the same price.

DO YOU KNOW—This sale commences Wednesday morning May 4th and continues only until our stock is reduced as above stated.

DO YOU KNOW—You should get YOUR TIRES NOW while the stock is yet complete and not wait until "that old tire blows out."

MANDAN NEWS

MANDAN HITS ATHLETIC DRILL NEW STRIDE ATTRACTS CROWD

Mandan citizens went on record for some pretty snappy work Saturday afternoon, when in two hours practically all the business and professional men in town were reached personally or by phone and signified their willingness to support the drill. Accordingly a midnight central clock was set ahead Sunday morning. Mandan and the rest of the "five ones." It is expected that advice from Washington will be received in a few days, and that the time for the local postoffice, and that Northern Pacific time tables will be changed in accordance.

MANDAN SLOGAN DRAWS ATTENTION

The use of Mandan's new slogan "Where the west begins," which the "Forum" gave a most kindly mention in their editorial column, has so far been confined to the Commercial club and a few of the leading firms of the city. The others, however, are only waiting for engravings of the newly designed trade mark for use in their advertising and business men of the city generally are enthusiastic about the slogan's possibilities as advertising matter.

CHORUS REHEARSAL

The Mandan Musical club will have a chorus rehearsal at the Commercial club rooms on Tuesday evening at 7:30. Mr. Galt will direct.

BUSINESS VISITOR

Mr. Roy Matson, who was for a time connected with the taxidermy business of J. H. Allen, was a business visitor from Fargo for the weekend.

A Woman's Way

"I tried for four months to get my wife to try May's Wonderful Remedy, which I know had helped a friend of mine who also suffered from stomach trouble. She finally had her case was different. I finally had to bribe her with a new dress. The first dose produced remarkable results, clearing up her complexion and restoring her appetite. She can now eat things she hadn't been able to for many years." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold at All Druggists.

Lives to See the Prescription He Wrote in 1892 the Worlds Most Popular Laxative Remedy

DR. W. B. CALDWELL TODAY
Born Shelbyville, Mo., March 27, 1839
Began the manufacture of his famous prescription in 1892

Founder of Dr. Caldwell's Syrup Pepsin, the largest selling liquid laxative in the world, long past Biblical old age, but hale and hearty—Still sees patients daily—Wonderful achievement of a "country doctor."

WHEN I started to practice medicine, back in 1875, there were no pills or tablets or salt waters for the relief of constipation, and no artificial remedies made from coal tar.

The prescription for constipation that I used early in my practice, and which I put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid remedy, and I have never had reason to change it. I intended it for women, children and elderly people, and these need just such a mild, safe, gentle bowel stimulant as Syrup Pepsin.

I am gratified to say that under successful management my prescription has proven its worth and is now the largest selling liquid laxative in the world. The fact that over eight million bottles were sold by druggists last year proves that it has won the confidence of mothers whose chief interest is the health of their children.

It is particularly pleasing to me to know that the biggest half of those eight million bottles were bought by mothers for themselves and the children, though Syrup Pepsin is just as valuable for grownups. The price of a bottle holding 50 average treatments is sixty cents; such a bottle will last a family several months.

I have never made a secret of what is in Dr. Caldwell's Syrup Pepsin. It is a compound of Egyptian Senna and other simple laxative herbs with pepsin and pleasant-tasting aromatics. These ingredients are endorsed in the U. S.

Pharmacopoeia. I consider Syrup Pepsin today in the serious 82nd year of my age, as I did in 1892, the best remedy a family can have in the house for the safe relief of constipation and its accompanying ills, such as headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds and fevers.

Millions of families are now never without Dr. Caldwell's Syrup Pepsin, and I believe if you will once start using it you will also always have a bottle handy for emergencies.

**TRY IT
FREE**

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington Street, Monticello, Illinois. Everybody now and then needs a laxative, and it is well to know the best. Write me today.

65 POLICE ARE SLAIN IN YEAR

**Tribune Survey Shows High
Hazard of Public Protectors**

A survey made by the Tribune in America's 25 largest cities show that during the past 12 months 65 policemen in 18 of these cities have been killed in line of duty.

Many times that number have been wounded and incapacitated.

Most of those killed met their deaths in gun battles with criminals. They died for YOU—just like our soldiers who went across the seas died for you.

The fidelity of the policeman to his hazardous duty is illustrated in this table, showing the number of those who in 12 months have paid with their lives in combats with crooks:

They Laugh, Then Cry and Then Laugh Again

at New Chaplin Film

They laughed and cried! Then cried and laughed! And left the theater with every emotion from hysterical gales of laughter to the stifled sobs of sympathy completely exhausted.

That was the experience of the audience at the Eltinge theater last night who went to the opening of Charlie Chaplin's new film, "The Kid," widely advertised as "First National's six reels of joy." "Six reels of joy" tells but half of it, for while the comedian has never been so mirth-provoking in any previous production, the story which is unfolded contains more real heartthrobs than many a picture that has built up reputations for emotional actresses.

Charlie is himself, but he has injected himself into a story of heart interest that has seldom been equaled

Charm of Motherhood

THERE are many homes once childless that now are blessed with healthy, happy children, because Lydia E. Pinkham's Vegetable Compound restored the mother to a healthy, normal physical condition.

The following letters give the experience of two young women and prove the value of Lydia E. Pinkham's Vegetable Compound in such cases.

Chicago, Ill.—"I was always tired, my head always ached, and my back ached until I could hardly stand the pain. I doctored for years, and the doctor said nothing but an operation would help me, and that I could not have children. A friend asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles of it and it helped me wonderfully, and I now have a fine baby boy, thanks to what your medicine did for me in restoring my health. I can highly recommend the Compound to all women who suffer from female ills."—Mrs. WM. REISS, 304 Willow St., Chicago, Ill.

Marinette, Wis.—"I was in a very nervous condition, was irregular, and could not have any children. I took doctor's medicine without success, and he advised an operation. My husband brought me one of your booklets and asked me to try Lydia E. Pinkham's Vegetable Compound. I soon felt benefited by its use, became regular, and now we have a fine baby girl after having been married nine years. I am always glad to recommend Lydia E. Pinkham's Vegetable Compound to my friends who suffer from such troubles."—Mrs. H. B. FIELD, 330 Jefferson St., Marinette, Wis.

Pioneer Days Are Recalled in Webb Show Window Display

Webb Brothers have arranged an interesting window display that is

well in keeping with "Do You Know Bismarck," now being heralded by the Bismarck Town Criers.

The display is in reality a historical scene in which Bismarck plays the leading part from the days of Indian villages to the present and even the future.

In the center of the window is displayed a Mandan Indian village named Mitl Tahuk. It stood a hundred years ago near where Fort Clark now stands. This was the village near which Lewis and Clark rested for several days during their westward expedition. In the background is shown an Indian skin boat used by the Indians as a ferry to cross the Missouri river.

Among the most interesting articles displayed is the photograph of Fort Lincoln, a portrait of General Custer and the old Capital hotel register on the leaves of which are the signatures of Custer and other officers stationed at Fort Lincoln in the early days.

Another point brought out quite clearly in the background is a poster or advertisement of a stage company operating between Bismarck, Medora and the Black Hills. Then there are seven large photographs of the Northern Pacific trains from the first coast train connecting St. Paul and Portland, Ore., to our present modern coast limited trains. Each clearly telling its own story. And as an example of our most modern way of carrying mail an airplane letter is shown.

The future is foreseen by the plan of the capital grounds and New Memorial building now being erected by the state of North Dakota.

In the foreground is shown an excellent portrait of the late Captain Grant Marsh, one of those sturdy pioneers who braved all dangers and hardships and it was he and his kind that, after all, started and helped build our beautiful city of Bismarck.

Do you know you can see these and more souvenirs of early Bismarck's history at the State-Historical Society Museum.

ATTENTION ELKS

All Elk Band members are urged to be at their Hall Wednesday evening, May 4th, at 8 o'clock p. m. sharp without instruments.

GIRLS! LEMONS BLEACH THE SKIN

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion also as a freckle sunburn and tan bleach because it doesn't irritate.

MISS CAROLINE KELLER A BRIDE.
A wedding of much interest to friends in Bismarck was that of Miss Caroline Elizabeth Keller to Mr. Henry Christian Free, both of Bismarck. The marriage was solemnized at a mass this morning at St. Mary's Pro-Cathedral, Father Slag officiating. The bride was lovely in a gown of white charmeuse with veil of tulle, wreathed in orange blossoms, and carrying a bride bouquet of pink rosebuds. Miss Mary Keller, sister of the bride was her attendant and wore a gown of pale blue organdie with corsage of pink roses. The groom's attendant was Mr. John Brown.

Following the marriage service, a wedding breakfast was served at the home of the bride's parents on Twelfth street. Many friends attended the marriage ceremony at the church.

The bride has been for some time employed at Webb Brothers store and the groom, who is an ex-service man, has been employed in an automobile establishment since his return from overseas.

The young couple will reside at the home of the bride's parents for a short time before taking up house-keeping.

LEGION NAME COMMITTEE FOR POPPY WEEK

The organization looking after the commemoration of Memorial day and the week preceding in Bismarck have named their committee to have in charge the distribution of poppies, the memorial flower adopted by the national and state organizations. A Canadian soldier's poem "In Flanders Field," by Lieut. John D. McCrae, no doubt gave the poppy its new significance as the flower commemorating our soldier dead. The Bismarck committee are Mrs. Frank S. Henry, chairman; Mrs. Frank L. Shuman; Miss Ruth Kollink; Miss Ruth Wynkoop; Miss Dorothy Schaecker; and Miss Mary Kelly.

Business men will be asked to arrange for poppy decorations during poppy week, just preceding Memorial day. Popy headquarters will be established in the American Legion hall on Fourth street with a force in charge to take care of poppy orders.

YEOMAN BANQUET SUCCESS.

The banquet given by Yeoman lodge to the new members on Monday night in the K. P. hall was a marked success. The committee in charge proved themselves easily equal to the affair and the families and friends of members enjoyed the affair immensely. A jolly social hour followed the banquet.

MANDAN GIRL BRIDE.

On Monday, May 2, Miss Rejina Marie Schmidt was married to Mr. Alexander J. Dinnis. The marriage was solemnized by Father M. Hiltner at 8:15. The bride has made her home in Mandan, and the groom has been employed in Bismarck for some time.

CIVIC PRIDE

Civic pride can be developed only as the citizens know their city. With an appreciation of the growth and the commercial importance of Bismarck to this territory, it is only natural that there should be civic pride. But the main object in knowing your city is not for mere enjoyment in its growth and general progress. The intent of the Town Criers is to point the way to more growth and greater progress.

Bismarck owes a debt to the men who are proclaiming the features in our civic life which differentiate this city from the others in the state. Their efforts will stimulate and encourage those interested in city building.

It is only in friendly co-operation that our problems can be worked out. The pressure of a week of enlightenment upon the development of Bismarck cannot but enlarge civic vision and spur individuals to greater effort.

There must come sooner or later a definite city plan. No city ever amounts to anything which, like Topsy, "just grows up." Its growth must be directed along the best lines and in harmony with the demands and needs of adjacent territory.

Out of the "Do You Know" week should come a mighty movement for a well developed city plan for future growth. This can be worked out gradually and each project listed in the order of its importance and tackled when the time is ripe. But let us get a city plan as soon as possible and have it a recognition of "live wires" to tackle the job than the Town Criers. If the impetus of their enthusiasm is behind a city plan it will go over step by step as fast as sound business judgment dictates.

The Tribune hopes some day to see a municipal survey made of Bismarck and a well defined program worked out for the various civic bodies to undertake. It is impossible in the scope of one editorial to name the various projects that must be tackled and put over.

But before too many ventures are initiated by the various enterprising societies let us have the coherency of a city plan so that each effort will count to that end that there may be no lost motion or duplication of effort.

Congratulations to the Town Criers for "letting us in" on what our town really is.

The next logical step is a City Plan.

Let's get busy on one!

Since the hat with the bow in the back has returned man wonders how soon feathers will be the vogue for him.

NOT PERFECTION, BUT STEP FORWARD

The Senate has passed Senator McCormick's bill establishing a national budget system. The House is expected to follow suit quickly and President Harding's interest in the budget policy is such that his signature making the bill a law is assured.

Although the McCormick bill is not so drastic as the extreme proponents of the budget idea would have liked, even they admit that it is a step in the right direction.

It represents an evolutionary rather than a revolutionary movement toward better control of the expenditure of the taxpayers' money.

Its chief provisions are for a budget bureau to prepare estimates of departmental expenditures, and the creation of the office of controller to audit and account for all governmental expenditures.

This official is subject to executive and not congressional removal. In this respect the bill differs from the one passed by the last Congress and vetoed by President Wilson on the ground that it gave Congress undue authority over an executive official.

The administration has accepted the Wilson view as to this aspect of the law.

There was some criticism of the McCormick bill by Democratic senators, notably Senator King, but such criticism smacks of narrow partisanship.

For years without number, agitation for budget reform failed of accomplishment because the friends of the idea refused to accept anything short of what they conceived to be a hundred percent, perfect law.

If they had been willing to attain their goal a step at a time they would have been much better advised and the taxpaying public would be much better off.

Imperfect as the new budget law is, we are disposed to give the administration credit for making good its pre-election pledge.

It will be time enough to criticize when the ad-

ministration refuses to strengthen the law as its weaknesses and inadequacies develop during its application.

It would take a lot of band-playing in various countries to get the world into a general war again.

MYTHOMANIA

Most persons are familiar with the habit some children have of telling an imaginary tale of their own invention as if it were fact.

Professor Dupre says this sometimes persists as the raconteurs grow older. It is a sort of intellectual immaturity, often in contrast to the rest of the mentality. He says it is a disease, this more or less voluntary and conscious tendency to invent myths to be told as fact.

Professor Dupre calls it mythomania.

Others have given it an uglier word.

But that does not change the fact, or deny that a person who tells such myths may require the attention of a physician. It was not long ago that all insane persons were treated as criminal.

Mythomania in its morbid form is characterized by a lack of finality in the thing told, the undue prolongation of the narrative itself, and its inadequacy to convey an idea from the mind of the mythomaniac to the mind of the listener.

That being so, the prudent person who has a story to tell, and who doesn't wish to be thought a mythomaniac, had better make his story pointed and cut it short.

C. P. R. MAY FURNISH A CLEW

It is interesting to note that of all the railway systems in the United States and Canada, the Canadian Pacific emerges from the wartime emergency in the best physical and financial condition.

The Canadian Pacific, under private management, is in the healthiest condition in contrast with all the U. S. railways grouped as one system, although not under government control, and all the railways of Canada, with the exception of the Canadian Pacific, grouped as one system, both owned and operated by the Canadian government.

The net operating revenues of United States railways in 1920 were \$11,000,000, less than half that produced by the Canadian Pacific during the same period. This in the face of the fact that the United States system is much faster, although the Canadian Pacific is the largest single transportation unit in the world.

The operating deficit of the Canadian National Railways in 1920 was \$70,000,000, which does not include a further loss of \$70,000,00 covering fixed and interest charges. This \$140,000,000 deficit must be met by Canadian taxpayers, just as the \$700,000,000 deficit of railways on this side of the border must be met by United States taxpayers.

While the United States and the Canadian National railways were incurring during 1920 a debt which amounts, in this country to \$7 and in Canada to about \$16 for every man, woman and child, the Canadian Pacific paid its dividend of 10 per cent and showed a surplus of \$3,500,000.

It might not be a bad idea for the Washington "best minds" who are trying to unravel our railway tangle, to begin by studying the method of Canadian Pacific management.

It may not be at all applicable to our situation but whatever it is it seems to work.

THE OLD HOME TOWN

BY STANLEY

Illegitimate children has increased 50 per cent.

Davis has ordered a special investigation of conditions in some of the worst centers. Federal investigators have been sent to Chicago and more will go to Cleveland.

"What we need in dealing with the situation," Davis says, "is not only force sense but heart sense. It is not merely a matter of houses and rents, of dollars and cents.

"Just what could be accomplished by the way of rent regulation, and how far that would meet the problem except in removing one of the barriers to a wage readjustment, I am unable to say.

"The real solution, of course, lies in more houses as well as in more reasonable rents.

"Some agreement must be reached by the trading trades and the building industries that will make possible a resumption of home building.

"The building industry is the keystone of our entire industrial structure, and once construction work can be set under way again the whole employment and industrial situation will be relieved.

"Today, however, we have the paradoxical situation where it is cheaper to travel than to pay rent.

"There are 250,000 people, it is estimated, living in Ford cars.

Hoover's Views.

Herbert Hoover, secretary of commerce, thinks high rents, as reflected in a delayed readjustment of wages, hampering the stimulation of manufacturing and commerce.

"As I see it," Hoover says, "we are at a blockade on the housing and rent question until we can get more buildings. And we can't get the buildings until prices—both of labor and materials—come down."

RENT SITUATION IS HELD NATIONAL EMERGENCY

By H. B. Hunt.

Washington, May 3.—The housing situation with high rents is today the most serious problem confronting the government, in the opinion of Secretary of Labor Davis.

It is in just such a situation as Davis describes that Congress and the state legislatures, under the supreme court ruling, have the power to enact emergency legislation curbing rents.

Davis holds high rents the great single barrier to a readjustment such as is essential to permanent prosperity.

"Because of high rents and inadequate housing," he says, "families double up, sometimes two or three to a home. It is not too much to say that the loss in morale and morals due to the housing conditions in many cities today is one of the greatest dangers to our whole social structure."

Disease and Death.

The report of the recent state investigation into housing conditions in Chicago showed that 500,000 people in that city were living in the most unwholesome conditions, sleeping some three and four in a bed, five and six to a room.

Reports from other cities held in by the housing shortage and high rents show an alarming increase in sickness and disease.

ORDINANCE ON CURFEW LAW IS GIVEN READING

as follows: Wachter Transfer company, \$177 per month; A. B. Currier, \$239 per month. Wachter bid was accepted.
A sidewalk resolution providing for concrete sidewalks along Riverview property of Bismarck Development company, R. G. Phelps and C. A. Baker were approved.
A petition for paving Washington avenue from Avenue C to Avenue D; Avenue C, from Third to Raymond streets (Avenue D), from Second to Washington; and First street from Avenue C to D, was turned down.
E. L. Faunce and John McLaughlin opposed the paving. The commissioners said there was not a majority of property owners petitioning for it.
A letter was received from Warren Brothers, sub-contractors on paving in downtown district, stating an inspector had examined the paving and found defects were caused by defective sewer or other sub-surface openings. They suggested they would be glad to have a joint inspection with the contractors.

Talk on Lights

C. W. Heuzler said it had been suggested that the 13th cluster light be turned on Saturday nights. Commissioner French thought perhaps the money which might be spent that way should be transferred to the street fund. The commissioners examined the April electric light bill of the city, which was \$308.59. It was decided to lay over the matter of the additional Saturday night lights.

The commission discussed means of reimbursing the contingent fund, which was depleted through payment of bills from that fund that might come on other funds. There will be enough money received from the forthcoming tax apportionment to take up outstanding warrants, it was stated.

ACT QUICKLY

Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger, Doan's Kidney Pills are most effective. Plenty of Bismarck evidence of their worth.
"Clayton W. Ferguson, 608 3rd Ave., Bismarck, says: 'A year ago I had trouble with my kidneys. They were weak at times and I seemed to have not control over the kidney secretions. My back bothered me, especially at night and I was stiff and lame. I had been doing some extra hard work and I blame that for the start of my trouble. I happened to read about Doan's Kidney Pills and got two boxes at Breslow's Drug Store. Doan's soon eased my trouble and I have felt better in every way since taking the treatment. I am pleased to give Doan's my endorsement.'
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ferguson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

INGROWN NAIL

Toughen Skin and Toe Nail
Turns Out Itself

A few drops of "Outgro" upon the skin surrounding the ingrown nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight.
"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

PLAYERS ARE ALL SIGNED UP FOR CITY TEAM

Many Changes Made in Lineup in the Signing of New Players

With a number of changes in the list of players obtained in the last two weeks for the Bismarck baseball club, Manager Alex Harper believes he is gathering an aggregation that will give all the teams in North Dakota a run for their money.

Harper will tell fans all about the players signed up at a meeting to be held in the Baker show rooms, corner Main and Third streets, Wednesday night. Fans are urged to be there.

The lineup, as it probably will be in the opening of the season follows: Catchers, Miller Anderson, of last year's team, and Roberts, of Dickinson; pitchers, Al Anderson, Christenson, of last year's team; Taylor, right hander, and Higgins, southpaw, of Indiana; third base, Zimmermann, of St. Paul; shortstop, Harper, outfield, Flanagan, of St. Paul; Collins, former Bismarck star.

It is probable the team will get in action against the penitentiary team on May 15. The penitentiary team is going strong, drubbing Glen Ullin Sunday by a 11 to 1 score.

LADD SUPPORTS RICHARDSON FOR FEDERAL JUDGE

Fargo, May 3.—According to a telegram received today, Senator Ladd is supporting Seth Richardson of Fargo for appointment to the federal judgeship provided for in a bill that passed the senate last week and which is now before the house for final action.

The message says also that Senator McCumber is supporting Andrew Miller of Bismarck for this appointment.

Consensus of opinion is that Senator McCumber's recommendations to the president will govern, in which

event federal court chambers would be established at Bismarck, and upon the retirement of Judge Amidon the only federal chambers in the state would be at the Capital city.
